Minibus Description

If you're looking to add a high-quality, low-mileage, ULEZ-compliant 17-seat minibus to your fleet, this superb late 2019 Ford Transit L4 H3 130PS Leader is an excellent choice. Finished in classic Frozen White and having covered just 32,334 miles from new, this well-maintained vehicle comes complete with a full service history and offers a fantastic combination of practicality, reliability, and value. In addition, this vehicle is fitted with Air Conditioning, Parking Sensors and Twin Overhead Luggage Racks.

Designed to meet a wide range of passenger transport requirements, this versatile 17-seat minibus is ideally suited to schools, colleges, community transport providers, care organisations, sports clubs, hotel shuttle services, taxi and private hire operators, and a variety of other passenger transport businesses. With seating for up to 17 occupants, it provides a cost-effective and efficient transport solution whilst ensuring excellent passenger comfort.

Powered by Ford's dependable and economical Euro 6 130PS diesel engine, coupled to a smooth 6-speed manual gearbox, this Transit delivers an effortless driving experience together with impressive fuel efficiency and low running costs. Renowned for its durability and reliability, the Ford Transit continues to be one of the UK's most popular choices for commercial and passenger transport applications.

Inside, the spacious and practical cabin has been designed with passenger comfort in mind, offering generous headroom and seating capacity, making it equally well suited to local shuttle services, day trips, airport transfers, and longer-distance journeys. The high-roof L4 H3 configuration provides excellent interior space and ease of access for both passengers and operators alike.

As expected from a modern Ford Transit Leader, the vehicle benefits from a comprehensive specification designed to enhance convenience and comfort for both driver and passengers. Its low mileage, excellent overall condition, and full service history make this a standout example that is ready to go straight into service.

This vehicle is also fitted with a Tachograph. Please note that additional calibration and PSV MOT requirements may apply if the vehicle is to be operated under PSV regulations. Please contact our sales team for further information regarding suitability, legal requirements, and any associated costs.

The vehicle is fully ULEZ compliant and may be suitable for a variety of commercial passenger transport applications. Please note a D1 driving license entitlement will be required to operate this vehicle.

For complete peace of mind, this minibus will be supplied with a comprehensive warranty package and will also receive a new 12-month MOT if fewer than nine months remain at the point of sale.

Please note that all images shown are taken prior to full retail preparation.
