Minibus Description

The 2021 (21) Toyota ProAce Verso 9 Seat Shuttle Minibus is a practical, reliable and professional people carrier, making it an excellent choice for taxi operators, private hire businesses, airport transfer companies and PSV operators. Fully Euro 6 and ULEZ compliant, it is ideal for operating within low-emission zones throughout the UK.

Powered by Toyota's efficient diesel engine and paired with a smooth 6 speed transmission, the ProAce Verso delivers an excellent balance of performance, comfort and fuel economy, helping to keep running costs under control while providing a refined driving experience for both driver and passengers.

Designed with passenger comfort in mind, the spacious cabin offers seating for up to nine occupants, with generous legroom and flexible seating configurations. Rear passengers benefit from air conditioning, tinted privacy glass and comfortable seating, making longer journeys more enjoyable. The wide-opening twin side sliding doors provide easy access for passengers and luggage alike.

The ProAce Verso is equipped with a host of modern features, including a touchscreen infotainment system with Bluetooth connectivity, DAB radio, USB integration and smartphone compatibility, ensuring drivers stay connected while on the move. Additional driver assistance features such as cruise control and multifunction steering wheel controls enhance convenience and safety.

With its versatile interior, impressive reliability and strong reputation for durability, the Toyota ProAce Verso is perfectly suited to a wide range of passenger transport duties, from school contracts and community transport to executive transfers and taxi work.

For added peace of mind, this vehicle benefits from Toyota’s renowned build quality and a comprehensive service history along with a warranty package, making it a dependable addition to any fleet.

Please note all photos are of the vehicle pre-retail preparation.
