Minibus Description

Searching for the ideal school minibus? Start with choosing a layout that truly works in everyday use. At Minibus World, our 17 seat configuration is our speciality and remains the most popular choice for schools, charities, care homes, clubs, and community groups. It strikes an ideal balance of capacity, comfort, and practicality, making it a dependable option for a wide range of organisations.

The CanDrive Maxi name highlights the model's impressive versatility and generous space. Built on the L4 H2 platform, it features a 15ft BraunAbility wheelchair ramp that provides convenient access when required, yet remains unobtrusive during regular passenger transport. Designed with the needs of secondary schools in mind, it handles daily journeys with ease and flexibility.

This brand new conversion on a late 2023 registration Vauxhall Movano forms a superb foundation for the conversion, offering a spacious interior, strong build quality, and a modern Euro 6-compliant diesel engine that supports efficient and environmentally responsible driving. It's a proven and reliable donor vehicle that complements the high-quality conversion.

Among its standout features are Air Conditioning and Reverse Parking Sensors, and the vehicle may be driven on a standard car licence where permitted. (Drivers must ensure they meet the legal requirements to operate the vehicle. Our sales team can provide further guidance.)

Minibus World is more than a converter — as a Stellantis ProOne partner, we are committed to delivering minibuses built to the highest standards. Every vehicle is Type Approved, ensuring quality, safety, and compliance. Each conversion also benefits from The Car, Van and Minibus World Advantage, adding premium touches such as full carpeting, enhanced insulation and soundproofing, additional storage solutions, and upgraded safety features throughout.

Please note that the external images are from a previously supplied conversion.

For complete reassurance, this minibus is supplied with the balance of the manufacturer's warranty and a conversion warranty, giving you long-term confidence and dependable performance from day one.
